GIVE CIVIL WAR STUDY GROUP REPORT ON 2ND "BATTLE" HERE

The First Battle of Bull Run and the "Second Battle of Gettysburg" were the subjects Tuesday evening for the third annual Civil War Study Group at Gettysburg College.

Dr. James W. Livingood, dean of the college of arts and sciences at the University of Chattanooga, Tenn., spoke on "Joe Johnston at First Manassas." Marshall F. Allen, executive director of the Gettysburg Battlefield Preservation Association, reported on the progress of that organization founded at request of the Second Civil War Study Group a year ago.

Allen reported that approximately \$40,000 raised so far has been expended partly for purchase of a 55-acre plot in the Devil's Den-Big Round Top area and that efforts are being made now to sign a purchase agreement with owners of some of the property in the First Day's Field. Several foundations have shown "much interest" in the need for purchase of land, Allen said.

Expect Action In Fall

Battlefield Preservation Associations are being set up in several states, and "we expect quite a bit of action in the fall. But July and August are months when few meetings are held by groups and in most instances all we can do is lay groundwork now." Allen showed photos for a special presentation of the need for funds to buy land for the field which will be shown "to anyone who wants to see it," starting this fall.

Dr. Livingood said Gen. Joseph E. Johnston was quartermaster general of the Army of the United States until his native state, Virginia, left the Union. He joined Virginia and became a Confederate officer.

In charge of the Confederate forces at Harper's Ferry in 1861, he decided to withdraw from there to Winchester when General Robert Patterson led his contingent of Pennsylvania troops south. In Gen. Patterson's Army were "The Independent Blues," the first Adams County unit to enter the Union forces at the start of the war.

Averted Defeat

General Patterson moved south from Chambersburg, with Johnston awaiting him at Winchester. When Johnston received word his troops were to join General Beauregard's forces at Manassas, Johnston had J. E. B. Stuart, then a colonel of cavalry, serve as a screen to make Patterson believe Johnston's forces were still in Winchester, while Johnston's army took off for Manassas. Patterson still believed Johnston's forces were in Winchester two days after the Confederates had gone, Dr. Livingood said.

LOCAL MAN IS FINED \$135

Cpl. S. M. Conrad from "C" barracks in Cumberland, Md., spelled the downfall of Walter Redmond, 46 E. Middle St., Sunday evening. The trooper was driving from Cumberland to the state headquarters at Pikesville when he spied Redmond traveling west on Route 26 in an erratic manner. The officer stopped Redmond and after investigation charged him with operating without a license, operating while under the influence and reckless driving. He was taken to the Randallstown barracks and after consent was given the test to determine if he was under the influence. His score meant that he was possibly under the influence.

Redmond was tried on three charges Monday morning before G. Norman Hunter, trial magistrate, Westminster. He pleaded guilty on all three counts and paid a total of \$135 and costs; on the first count operating without a license \$25 and costs; operating under the influence, \$100, and costs and reckless driving, \$10.

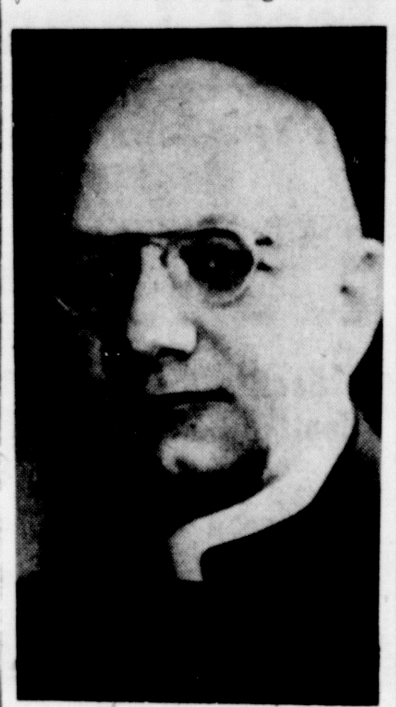

Cpl. Conrad taught in the Taneytown Elementary School in 1938.

Katanga Premier Says He Will Not Admit U.N. Force

By ADRIAN PORTER

ELISABETHVILLE, the Congo (AP) — Katanga Premier Moise Tshombe today declared his government would use force to oppose the entry into his rich mining province of U.N. troops, scheduled to begin Saturday.

"They will have to fight their way in," Tshombe told newsmen after hearing a broadcast of U.N. Secretary-General Dag Hammarskjöld's announcement that U.N. forces would take over from Belgian troops keeping order in the rich mining province in the southeast Congo.

"Katanga troops will not fire first," he said and did not intend any aggression," said Tshombe, whose government has declared Katanga's independence of Premier Patrice Lumumba's central Congo government.

Will Oppose "Aggression"
"But if U.N. troops try to land here," Tshombe continued, "that will be an act of aggression and we will oppose it."

State police from Gettysburg have filed a charge against Francis Hartlaub, 20, Gettysburg R. 5, before Justice of the Peace John O. Whitman, Cumberland Twp., as a result of their investigation of an accident near Two Taverns Tuesday morning in which five persons were injured.

Denies Incorrect Construction Work

Paul E. McMaster, Hanover contractor, denies any "incorrect construction" in his answer to the counter-claim filed by Mrs. Lillie V. Thomas, New Oxford R. 1, in the suit brought by McMaster to collect for labor and materials provided in construction of a New Chester area home.

The answer filed in the prothonotary's office for McMaster by Attorney H. Thomas Pyle asks the court to strike off Mrs. Thomas' counter-claim. McMaster had asked the court to find Mrs. Thomas owes for the labor and work. Mrs. Thomas in her answer declared that her son-in-law and daughter were the contracting parties rather than she and had also alleged imperfections in the work accomplished.

Chicago Workers Meet In Gettysburg

All roads used to lead to Rome—now they apparently lead to Gettysburg, according to Frank Winter and Ted Lukas, of Illinois. Winter resides at Hinsdale and Lukas at South Chicago Heights. They work side by side at the Hotpoint Co. in Chicago.

They and their families started, separately, on vacations, neither knowing where they planned to go, other than to tour the East.

FCC SEMINAR HEARS LEE AT OPENING TODAY

Robert E. Lee, defense commissioner of the Federal Communications Commission, this morning presented certificates to executive residents at the opening session of the annual defense communications seminar of the FCC meeting in the Student Union Building at Gettysburg College.

The 150 delegates registered Tuesday evening at the Hotel Gettysburg and this morning heard the Honorable John J. McLaughlin, administrative assistant to the secretary of the Air Force, welcome them to the seminar.

A movie entitled "The Red Phone" was shown before a panel discussion on the statutory authority of FCC with regard to national defense communications preparedness. Members on the panel were Warren E. Baker, former FCC general counsel; Leonard N. Marks and George S. Smith, all practicing attorneys.

Second Panel

A second panel discussion followed on the National Industry Advisory Committee organization and functions. This panel was composed of Clure H. Owen, ABC; Thomas H. Phelan, NBC; Leslie S. Learned, MBS; Davidson M. Vorhes, CBS, and Douglas A. Angelo, NAB.

The activities of state industry advisory committees were given in five-minute reports from state delegates. John M. Sherman, Minnesota, was the moderator.

At 12:15 p.m., the delegates heard John F. Debardeleben, damage assessment officer of the FCC assigned to the NDAC, CCDM classified location, explain the in's and out's of grading damage complaints that may result from use of communication facilities during a crisis.

During the reports of the state industry advisory committees, it was learned that the duties and responsibilities of the states are: to maintain liaison with appropriate federal, national, state, and local officials and organizations; to be responsible for appointing local industry advisory committees; to be responsible for developing a plan for a workable system of information dissemination and communications by means of all non-government FCC licensed facilities within the state's borders.

Continuity Of Service

It is also intended to provide a continuity of communication service under pre-attack and natural disaster conditions or state emergencies, including control of programming, establishment of authentication systems, coordination of national radio network interconnection during emergency and assisting the FCC and NIAC in the development and activation of effective state-wide emergency communications networks.

It was learned that all state meetings must be attended by an FCC conelrad representative. The representative will prepare in advance copies of minutes of all previous official meetings.

It was revealed that the state industry committees work with the national committee which is in close contact with government agencies including the White House.

The seminar will continue through August 5.

EXCHANGE IS GIVING \$500 TO AMBULANCE

The Gettysburg Exchange Club voted Tuesday night to donate \$500 to the Gettysburg ambulance fund and earmarked the funds for a new ambulance which will have to be bought in the next few years.

The action came as a result of a talk a few weeks ago by a representative from the ambulance board who said the present second ambulance will be worn out or outdated soon and funds must be accumulated now to purchase a vehicle which will cost in the neighborhood of \$15,000.

In other action, the club voted to install new Exchange Club signs on the major highways leading into the town. John Codori reported on his survey of the present signs and said that the one on Lincoln highway East has disappeared, the one on the Harrisburg Rd. has been knocked down and the others need painting. It was decided to buy new electric signs that will light up and blink, transferring the older ones to minor highways. Ernest Simpson was appointed as chairman of the project.

Plan Tri-Club Meet

The club approved a motion to spend \$24.50 for the bowling team and if, at the end of the year, funds are not available for the total cost an assessment will be made of the members.

President Crosby Hartzell presided at the meeting attended by 23 members.

Next week's meeting will be in the form of a tri-club dinner at Log Cabin Inn, Caledonia, with Chambersburg, Waynesboro and Shippensburg participating. Members are urged to wear sport clothes. The speaker will be the commanding general of the Lettkeny Depot in Chambersburg.

The club Tuesday evening enjoyed a hamburger barbecue, baked potatoes, baked beans and soft drink picnic dinner at the old CCC grounds on W. Confederate Ave.

An inquest will be held into the cause of the accident Monday which brought death to three Hoffman Orphanage children and injury to 17 others, but no date will be set for the hearing until the injured youths are out of the hospital, Adams County Coroner Dr. C. G. Crist said today.

Meantime arrangements were announced for funerals for two of the youths fatally injured when a Hoffman Home for Children truck upset four miles west of Littlestown on the Harney Rd. Services for George Patrick Gipe, 15, who died at the scene from a crushed chest and internal injuries, will be held Thursday afternoon with services at 1:30 o'clock at the Bender Funeral Home here after which the body will be moved to the Grace Evangelical and Reformed Church, Shippensburg, for further services, at 4 o'clock, with the Rev. Police Investigate

State police continued their investigation into the cause of the accident. Trooper Clifford D. Lightner said today examination by mechanics showed no malfunctioning of brakes.

Ronald Lynn Gaylor, 22, recreation director at the home, the driver, has been unable to give a reason for loss of control of the vehicle only that suddenly while he was driving along he found that he no longer had any control of the half-ton truck. Police are exploring the possibility that the weight of the youngsters in the rear may have shifted enough to raise the front wheels just high enough that they no longer served to turn the vehicle.

Trooper Lightner said Gaylor told them that the "wheels sometimes shimmy" on the truck, but did not say that such was the case immediately before the accident.

Gaylor was among those injured in the crash.

Nab Man For Reporting Bomb On Nixon's Plane

WASHINGTON (AP) — FBI agents in Reno, Nev., today arrested a taxicab driver on a charge that he falsely reported a bomb had been concealed on Vice President Richard M. Nixon's westward bound campaign plane.

Nixon, Mrs. Nixon and their party are using a United Airlines charter flight on their present trip to Hawaii, which made a stop at Reno Tuesday before departure for Los Angeles.

FBI Director J. Edgar Hoover today disclosed that shortly before the Reno takeoff, a man approached flight personnel and said, "Your airplane is not going out today. I just put a bomb on it."

The man then drove away from the airport in a cab.

The takeoff was delayed slightly to permit a thorough search of the plane and luggage, which disclosed no bomb.

The flight left Reno at 3:21 p.m. (P.C.D.).

Hoover said FBI agents traced the bomb scare to Leonard Dale Sage, 34, who was taken into custody at his home in Reno this morning.

Sage was described as a former professional wrestler under the name of Johnnie Savage. He also has a police record.

VOICE VIEWS ON \$13,000,000 BYPASS HERE

More than 40 persons aired their views on the proposed \$13,000,000 relocation of Rt. 15 which will bypass Gettysburg at a public hearing conducted for two and a half hours this morning in the Eisenhower Elementary School by the state Department of Highways.

Those who spoke urged the Highway Department to move ahead with all dispatch, urged study of alternate routes with a number of persons urging the bypass to the west instead of the east, voiced concern about access of the traveling public to Gettysburg and particular concern about local problems on township roads.

Many took the floor to urge a "diamond intersection or an underpass for the Taneytown Rd. instead of the grade crossing currently proposed.

The Gettysburg Chamber of Commerce presented its three recommendations for better access to Gettysburg and adequate markings on the new bypass.

John D. Teeter, speaking as chairman of the Cumberland Twp. Planning Commission, urged that provision also be made now for tieing in traffic relief plans for Rt. 30, Rt. 34 and Rt. 116 to the west as part of an overall "circular relief route" about the town.

Meeting Wide Open

The hearing chairman, James B. F. Reinhart, a deputy attorney general assigned to the Highways Department, gave everyone present an opportunity to speak and said the complete stenographic record of the hearing will be reviewed by the Bureau of Public Roads before approval is given any final plans or any condemnation proceedings are begun.

Although not all of the crowd stayed until adjournment at 12:25 o'clock, it was estimated as many as 250 persons had gathered in the general purpose room of the new elementary school building during the morning.

No indication was made by the state officials as to when the results of the hearing testimony review will be announced.

After the long hearing, individual property owners were invited to discuss their own problems with Highway Department engineers in attendance at the hearing. Their discussion used sectional aerial photographs of the 22.5-mile route with the proposed route marked in yellow ink.

Cites Beneficial Effects

In a preliminary statement, Location Engineer Daniel Ferrar listed three "beneficial economic effects" of the proposed bypass: "It will open up a new area along its path for potential industrial growth, the same as the canals and railroads have done in the past.

"Since through traffic will no longer need to go through town, there will be more room for the cars of those who go there to shop; thus an increase in town shopping.

"With proper signing and advertising to advise the tourist of the facilities available to them in town and good connections to the roads leading there, the traveler who needs these services will no doubt go there and use them. Gettysburg, because of its historical significance, will always attract tourists. The increase in the number going there will be in relation to the increase in the general population of the country. It is important that they be spared the frustration of trying to make their way through the congested streets."

Studied Four Routes

Mr. Ferrar also said a detailed study had been made of four proposed routes — two west of town and two to the east. He said the recommended route is the one more distant from town on its east side.

A traffic analysis was made showing that, in 1978, a bypass on the west would carry 6,130 vehicles per day while the proposed one to the east would handle 11,450 per day.

He also gave cost estimates for each of the four proposed routes and said the figures include construction, bridges and right of way: West (nearer town), \$11,492,000; West (farther from town), \$11,273,000; East (nearer town), \$10,833,900, and East (recommended), \$10,564,000.

The difference between the figure used here for the recommended route and the \$13,000,000 figure Mr. Ferrar had used earlier was not explained.

A complete report of today's hearing will be published Thursday.

FACES CHARGE

A reckless driving charge has been laid against Roy M. Williams, 19, York Springs R. 1, by Hanover police before Justice of the Peace Dayne E. Garrett, Hanover.

SOVIET BLOC BOYCOTTING ARMS SESSION

By WILLIAM N. OATIS
UNITED NATIONS, N.Y. (AP)—The Soviet bloc campaigned today for a general boycott of the 82-nation U.N. Disarmament Commission meeting asked by the United States for Aug. 15.

Contact men from the nine Communist delegations were visiting Asia, Africa and other missions to the U.N., urging that they stay away from the meeting. The Communists were plugging the Soviet Union's rival proposal for a summit conference of all 82 U.N. members during the General Assembly convening Sept. 20.

The Communist argument was that the permanent U.N. delegates who make up the Disarmament Commission have authority to do no more than engage in the time-wasting debate, while the heads of government have full power to conclude agreements.

Go Ahead With Plans
Diplomatic sources said most U.N. delegations had agreed informally to the Aug. 15 meeting before commission chairman Luis Padilla Nervo of Mexico proposed it formally last Friday. But many were reported reconsidering because of the Soviet stand.

The feeling in some delegations seemed to be that a disarmament meeting without one of the world's two big armed camps would only underline and cement the deadlock between the West and the Communists.

The State Department said, however, that it was going ahead with its proposal for the commission meeting even without the Soviets. Press officer Lincoln White said in Washington any government—including Soviet Premier Nikita Khrushchev—could attend the commission meeting if he wanted to, and that commission discussion did not preclude a disarmament discussion by the General Assembly.

GIVE CIVIL WAR

main force of the Union was seeking to attack the left wing of the Confederate army. He located and sent in reinforcements which turned the tide and made First Manassas a Union defeat.

"After the war Johnston was in the insurance business. Among the officers against whom he had fought in the Civil War was General Sherman. The two became fast friends in later years and Johnston was a pallbearer for Sherman. During the funeral Johnston was standing bareheaded and a fellow attendant urged him to replace his hat. Johnston held 'If I were in that casket and Sherman standing where I am, he would have his hat off, I can do no less.' As a result of the exposure, he contracted pneumonia and death followed shortly thereafter."

Livingood said: "We should not judge First Manassas by the standards of later battles. These were not seasoned troops on either side. They were men on the field for the first time and they were bound to make mistakes."

Going To Manassas
Most of Tuesday was devoted by the 80 historians present to study of the second day's fighting here. Dr. Harry W. Pfanz, National Park historian, spoke at the morning program after which the group toured the areas of the second day's fighting.

This morning Dr. Frederick Tilberg, National Park historian, spoke on "Gettysburg, July 3, 1863" after which the group toured the Pickett's charge area. This afternoon Dr. Pfanz will speak on "Gettysburg, July 4, 1863, and After." This evening at 8 o'clock Francis F. Wilshin, national park historian from Manassas, will speak on "Manassas, July 21, 1861."

Thursday the historians will leave at 8:30 in the morning for Manassas after which they will spend the next two days touring the Bull Run battlefields.

General Norstad Reports To Ike

NEWPORT, R.I. (AP)—President Eisenhower gets a report today on North Atlantic Treaty forces in Europe from their supreme commander, U.S. Gen. Lauris Norstad.

The President arranged an afternoon conference at the summer White House with Norstad, who holds the NATO job from which Eisenhower resigned in 1952 to run for president. Eisenhower was the first commander of the NATO troops in Europe.

After the session with Norstad the President has on his schedule a conference with two National Security aides flying in from Washington.

Tuesday night Eisenhower made public a message urging Korean students to guard their country's freedom and be constantly on the alert against what he termed the new and deadly colonialism of international communism.

COOK 10 BEEVES FOR JOHNSON

BLANCO, Tex. (AP)—Barbecue fires burned today under 10 big beehives in preparation for a big spread tonight at Blanco State Park in honor of Sen. Lyndon B. Johnson, the Democrats' vice presidential nominee.

"This is the biggest meal ever served in the hill country," said Tom Martin, who is president of the Blanco Fair Assn., and on-the-scene supervisor for the barbecue and political rally.

"We'll have five serving lines—and room for more—and we're counting on up to 7,000 people," Martin said. "That'll mean a menu of beef, 1,000 pounds of beans, 150 pounds of onions and 60 gallons of pickles."

Today was officially proclaimed "Lyndon B. Johnson Day" in both Blanco and Johnson City, 13 miles south of here.

More than 300 party leaders who helped in the Johnson-for-President drive prior to the Los Angeles convention will gather at the LBJ Ranch for a back-patting session and pep talks on the upcoming campaign to make Johnson vice president and Sen. John F. Kennedy president.

CASTRO GOES TO NEW HIDEAWAY

HAVANA (AP)—Ailing Fidel Castro reportedly has moved out of his well-guarded suburban home to another well-guarded but more secluded resting place.

A source close to the Prime Minister said Castro had been persuaded to leave his residence to avoid well-wishers and the curious so he can get the complete rest his doctors have ordered.

It was unlikely there would be any official word on his whereabouts until Saturday, when he is scheduled to address the closing session of the Communist-accented Latin-American youth congress.

Rumors about Castro continued to fly fast and furiously. One that gained little credence was that he had flown secretly to Geneva for treatment of his ailment, which has been officially described as a lung infection.

"WE PARTED"

The moment that we parted... I knew I'd lost a treasure... and just how much I miss you... words can't begin to measure... with you went all my warmest smiles... and every bit of laughter... I feel like driftwood on the sea... alone, with what comes after... my golden dreams follow your path... vainly trying to capture... the happy hours spent with you... aglow with untold rapture... my faith and hope went with you, too... my heart is wet with tears... oh, how I wish I could retreat... those blissful wondrous years... when you went away you took along... the songs I used to sing... and yet, somehow you left behind... the tender hush of spring.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

Twenty-five Years Ago

Fairfield Is Not Mourning Loss Of Train: When the Western Maryland railroad's 8:15 o'clock passenger train leaves Fairfield depot this evening that little community will be without passenger train service. But with the passing of passenger train service there will be no mourning in the thriving community of Fairfield. Most folks there have automobiles or have friends who have machines and in recent years few used the train service out of that town.

Expect Early Action On H. S.: William H. Gravell, engineer for the public works division, told the Gettysburg Times this morning that the decision as to the approval or disapproval of the project should be reached "very soon."

Youth Hurt As Car Hits Tree: Francis L. Groff, 19, who resides at the intersection of the Harrisburg Road and East Broadway, suffered a fracture of the right leg above the knee and lacerations of the right arm and hand when the touring car he was driving skidded on the Lincoln Highway at 2 o'clock this morning and crashed broadside into a tree.

Plan Program For Firemen's Annual Meet: Details of the program for the annual convention of the Adams County Firemen's association to be held at Bonneville, on Labor Day, September 2, were announced today. Between 800 and 1,000 firemen from the 20 companies in the county are expected to attend.

Brings Suits Against Tax: Cigar manufacturers in Adams and York counties are among the group of firms and individuals who claim that the processing tax on tobacco is unconstitutional and have brought suit to evade payment. The tax was due Wednesday. Temporary restraining orders have been issued by Federal Judge Kirkpatrick in each of the cases in which suits have been brought.

College Enrolls Thirteen Students: Thirteen students from Gettysburg and vicinity have enrolled in the Freshman class of Gettysburg College, college authorities announced today. This number includes nine boys and four girls, the latter who will be among the fifty coeds to be admitted this year to the newly established women's division of the college.

Jurors Blame Young Woman In Own Death: Ethel R. Robinson, 20-year-old Waynesboro girl, was fatally hurt Monday night in jumping from the running board of a car driven by Norbert K. Shelden, Rouzerville auto mechanic, a coroner's jury decided Thursday at an inquest conducted by Coroner A. W. Thrush, of Chambersburg, at Waynesboro. Her death was caused by a fracture at the base of the skull received when she jumped, the jury found.

Business Women Plan Outdoor Party: The Business and Professional Women's club will have an outdoor supper, swimming party and business meeting at Knoxlyn Thursday afternoon. The regular supper charge will be made and cars will leave the YWCA at designated hours. Arrangements are being made by a committee of which Mrs. Clyde Daily is chairman.

President John Coolidge was better known by his middle name, Calvin.

Today's Talk

WANTS
Sooner or later we all come down with the disease known as wants. We get over it in a comparatively short time though. Wants usually turn out to be something easily curable. We want, and then most of us take courage along and rise above our wants. In youth we are a bundle of wants, but we learn that most of them never get to be too serious.

There are the baby wants which are short lived. Then, in later life we all get loaded with the wants again, but only for short times. The millionaires go after ideas and imagine that life is a monied paradise with great trees of wants, but even they get tired of the chase, shoulder their wants, and pass on to a more exciting life.

There are several kinds of wants and they condition us for the sober tasks that all of us have to meet. The poor man enjoys his wants and he makes a world out of them. But what good are wants unless we put them to work? Simple living persons only have a selected number of wants. Man is wise if he develops but a few—those which are best and the most familiar. Any one of us can handle our wants well if we will but make them a part of all that we are.

Tomorrow Mr. Adams will talk on the subject: "Always Have Something To Do"

Just Folks

SUPPOSE

Suppose that every step you take
Were to remain for all to see,
And every turn and stop you make
By those who follow seen could be;

Suppose your little ones could trace
Your journey through a busy day,
Would you not shun full many a place
That now you stop at on your way?

Suppose that every word you say
Could by your little ones be heard,
Would you not then through every day
Check many an angry, bitter word?

Suppose that those who follow you
Could read your speeches when you're dead,
Would you then speak the way you do?
Would you not leave some thing unsaid?

Suppose that every thing you do
Stood out for everyone to see,
And those whom most you love
Could view

Each little deed, would you not be
More careful as you go your way?
Would you not many a folly shun?
Would you not, toiling through the day,
Leave many a petty deed undone?

Leery Driver Dies Trying To Set World Speed Mark

BONNEVILLE SALT FLATS, Utah (AP)—Athol Graham once said: "All my life, I've wanted to break the world's speed record." And he died trying Monday.
The left rear wheel snapped off his 3,000-horsepower car as it was going 300 miles an hour. The car skidded, flipped and tumbled 4,000 feet before coming to a stop with Graham pinned underneath.
He was flown to a hospital in Salt Lake City, but died minutes later.

Had Premonition
Did the 36-year-old Salt Lake City mechanic have a premonition of disaster?
He told a newsman and close personal friend the night before that he thought he'd break the world record of 394 mph, but added:
"I certainly wish that all the people would say a prayer or two for me."

"Scared To Death"
The friend is Marion Dunn, sports writer for the Salt Lake City Tribune, who said he thinks Graham was scared to death and not very happy about making the run.

"Athol told me last week," Dunn wrote in his column today, "I have a lot to tell you about my feelings toward this whole thing. I think a lot of it will shock you. When this is over, let's you and me have a long talk."

Might Have Quit
Dunn said, "I think he was going to give me a story—a story that he was quitting the high-speed race business."

HAZLETON, Pa. (AP)—The Eastern Basketball League will remain an eight-team circuit this year but will play 12 minute quarters instead of the previous 11.
Club owners voted Tuesday night to reject a franchise application from Bridgeport, Conn., because a nine-team league would be unworkable.
At the same time the owners decided to lengthen the quarters to conform to the National Basketball Assn.

GRITTY CHAMP WINS GALILEY IN ROME TEST

By DAVE DILES

DETROIT (AP)—The United States grabbed a brand new lease on Olympic life today, and all because a slender swimmer who refused to be counted out did what the experts said was impossible.
Jeff Farrell, a 23-year-old sprinter with staggering determination, gave this country renewed hope for three gold medals in the Rome Games later this summer.

Seven days ago he underwent an emergency appendectomy and no one figured the American freestyle sprint champion could compete in the Olympic trials at Brennan Pools.
But in an outstanding show of both physical recovery and what Olympic Swim Coach Gus Stager called "just plain guts," Farrell Tuesday put himself in line for a place on the Olympic team.

He won his preliminary heat of the 100-meters freestyle in :55.9 to qualify for the semifinal against 15 other sprinters. He was three-tenths of a second better a few hours later in the semifinals—and none of the others could match his time.

Should Farrell fail tonight, he still can make the team by finishing in the first six in the 200-meter freestyle later in the four-day trials.

The packed Brennan Pools gallery was whooping it up for Farrell, whose gritty performance outshone the nation's first two Olympic trial winners.

Sam Hall of Ohio State University and Gary Tobian of Los Angeles took the top spots in the three-meters springboard diving. Hall, latest in a long line of champions turned out by Mike Peppe, was an overwhelming winner. Tobian made it with an up-hill fight.

LISTON MOVES UP IN HEAVY TITLE RANKS

NEW YORK (AP) — Sonny Liston's three-round knockout of Zora Folley July 18 moved the Philadelphia beller into the top challenger's position behind Heavyweight Champion Floyd Patterson in the monthly Ring Magazine ratings released today. Liston also was named "fighter of the month."

His setback by Liston in Denver dropped Folley into fourth place. Eddie Machen of Portland, Ore., advanced to second and Ingemar Johansson, the former titleholder from Sweden, climbed to third.

Mike DeJohn of Syracuse, victor over Welshman Dick Richardson, moved into the No. 6 spot among the big boys and Bob Cleroux of Montreal, kayo conqueror of Roy Harris, gained ninth place.
Akins Dropped

Ex-welterweight King Virgil Akins of St. Louis was dropped from the first 10. He was replaced by Emile Griffith of New York. Ralph Dupas of New Orleans zoomed into third place among the 147-pounders.
Don Jordan's loss to Denny Moyer dropped the former welter king from Los Angeles down to fifth while Moyer, from Portland, Ore., advanced to fourth.
Veteran Cisco Andrade of Compton, Calif., by his stunning knockout of Battling Torres of Mexico, regained a place among the lightweights, taking over sixth. Torres was dropped to seventh.

HERSHEY, Pa. (AP)—Bob Peligrini, who has been switched from a linebacker to an offensive guard, was one of the outstanding players Tuesday in the Philadelphia Eagles' first scrimmage of the year.
Four new linemen also played well. They were guard Roger Siel of Miami of Ohio, center Howard Keys of Oklahoma State, and Alden Kimbrough of Oregon and tackle John Wilcox of Oregon.

RULE CHANGES TO BE OFFERED BY SEN. CLARK

WASHINGTON (AP) — Sen. Joseph S. Clark (D-Pa.) says he will introduce in the Senate Monday rules changes to pave the way for a "hundred days" of action next year on proposals by the Democrats.

Clark's action would eliminate the filibuster, prevent the waste of time on irrelevant speeches and strip committee chairmen of much of their power to bottle up bills.

The senator's office said he would press for a vote when the Senate meets in January to approve rules for the new session since the proposals obviously could not be taken up in the short bobbail session.

Some Take Dim View

Many observers took a dim view of the proposed rules changes being approved. Committee chairmen are dead set against giving

up their power, for one thing. And Southern Democrats would be reluctant to eliminate the filibuster since they have used it to fight Civil Rights legislation.

"If we are to have another 'hundred days' comparable to the productive opening of Franklin Roosevelt's first administration, the archaic rules of the Senate should be streamlined," Clark declared.

Clark made no reference to the obstacles in a report to his constituents in which he said he was confident the next president would be Sen. John F. Kennedy (D-Mass.). He added that the next president will submit "a comprehensive program to meet the long-ignored needs of the country."

More For Defense

In the same report Clark said the 39.9 billion dollars earmarked for national defense is an "enormous sum" but that he believes it is not enough to guarantee national security.

He said the total is a smaller percentage—7.8 per cent—of the national product than any amount allocated in the last 10 years for defense.

Clark asserted that the Soviet Union spends 25 per cent of its gross national product for de-

USW TO STRIKE PITTSBURGH STEEL SUNDAY

PITTSBURGH (AP)—The United Steelworkers Union has served notice it will strike the Pittsburgh Steel Co. next Sunday in a dispute over incentive wage scales.

The company, 14th largest steel producer in the nation, immediately began an orderly shutdown of its five main plants Tuesday after receiving the union's five-day strike notice.

Would Idle 7,700

The company said its rates have pushed the firm's labor costs 46 cents an hour above the industry average.

A strike would idle some 7,700 workers at Monessen and Allenport, Pa.; Warren and Akron, Ohio; and Worcester, Mass.

Shortly after an agreement was reached in the nationwide steel strike last January, Pittsburgh Steel and the USW established a joint committee to study the possibility of revising the firm's incentive wage scales.

The committee handed down its recommendations on July 5. The company accepted the proposals, but the union rejected them.

Then last week the company notified the USW that it planned to cutback incentive wage rates effective Aug. 7. The union had 60 days in which to decide whether

to accept the cutback or go on strike.

Senator Kennedy To Visit Truman

HYANNIS PORT, Mass. (AP)—Sen. John F. Kennedy made peace Tuesday with former President Harry S. Truman in a telephone call and announced he will visit Truman in Independence, Mo., this month.

"I talked to President Truman by telephone and he was generous enough to say he would help us," Kennedy told a news conference. "I hope before the end of August to visit President Truman myself at his library in Independence."

COURT CURBS DANCE STUDIO

WASHINGTON (AP)—The government Tuesday ordered Arthur Murray Studios to stop using phony contests and high-pressure tactics to sell their courses of dance instruction.

A decree by the Federal Trade Commission named Arthur Murray Inc. and its officials, Arthur and Kathryn Murray, and David Teichman, as well as the company's agents—those who operate studios on license from the company.

The FTC said the firm has agreed to the order but "the agreement is for settlement purposes only and does not constitute an admission" that the law has been violated.

A spokesman for Arthur Murray Inc. said the organization has voluntarily worked out with the commission what amounts to a code of "ethics" to guide the studios licensed by the Murray organization.

to accept the cutback or go on strike.

HOPES SENATE WILL BUCKLE DOWN TO WORK

By ERNEST B. VACCARO
WASHINGTON (AP) — Sen. Clifford P. Case (R-N.J.) said today he hopes the Senate will keep political grandstanding to a minimum and buckle down to serious work when it meets again Monday.

Case said most senators already have had "a glorious opportunity to let off steam" at the Los Angeles and Chicago political conventions.

Another call for serious Senate action came Tuesday night from Sen. Joseph S. Clark (D-Pa.). He asked for major changes in Senate rules to open the way for a "hundred days" of action next year on Democratic proposals.

Aimed At Logjams

Clark said that during the post-convention session he will introduce rules changes to eliminate the filibuster, prevent time-wasting on irrelevant speeches and strip committee chairmen of much of their power to bottle up bills.

Clark's proposals obviously were too sweeping for a short session to handle. The House does not meet again until Aug. 15. Party leaders hope to wrap up the session by Labor Day.

Like Clark, Case aimed some of his fire at legislative logjams in committees.

"The House Rules Committee, dominated by Southern congressmen, has become the 'graveyard' of much needed legislation," Case said in a report to his New Jersey constituents. He said it has long blocked school aid, housing and other legislation.

The U. S. Constitution went into effect on June 21, 1788, when New Hampshire became the ninth state to ratify it.

Columbus Day is believed to have been first celebrated in 1792 under the sponsorship of Tammany Hall.

Youth Accused Of Strangling

PHILADELPHIA (AP) — A 18-year-old youth was accused Monday night of strangling an elderly neighbor when the neighbor caught the youth rummaging through his home.

Matthew S. Motley, 19, was held without bail on a homicide and robbery charges for the death of Reynolds C. Tropman, 70, a real estate broker.

According to police, Motley broke into Tropman's apartment early Sunday to steal, but Tropman awoke and surprised him.

Motley admitted tying his neighbor's feet, strangling him with his hands and fleeing with money he had found, police said.

WINSTON BUYS U. S. JEWELS

By HAL MCCLURE
NEW YORK (AP)—An armored car pulls up in front of the plush Fifth Avenue showrooms of Harry Winston, the international jewel merchant.

Armed guards, carrying several large bundles, hop out and quickly disappear inside.

They have reason for caution because this is not an ordinary delivery. Winston is receiving one

of the largest diamond purchases ever made—30,000 carats, worth a whopping \$1,159,000.

Buy From Government

Winston, the largest independent gem merchant in the world, bought the diamonds—about 110,000 of them—from the U.S. government last week.

The auction, conducted by the U.S. Customs Office, attracted bidders from throughout the world. About 47,000 carats were sold for \$1,900,000, well in excess of the original estimate.

What's the government doing with diamonds?

"During the war," explained

Winston, "the government stockpiled vast quantities of diamonds—both cuttable and industrial—as a safeguard for defense needs. "Now the Office of Defense Mobilization says the stockpiling of cuttable stones is no longer necessary."

PASTORS NEEDED

NEW YORK (AP)—The United Lutheran Church says a survey of its 4,600 congregations shows a need for at least 427 additional ministers.

JUNE ALLYSON SHOW MOVING TO THURSDAYS

By CYNTHIA LOWRY
AP TV-Radio Writer
HOLLYWOOD (AP) — When CBS' June Allyson show started a year ago, it aimed directly at the feminine audience. The anthology series was stuffed with suffering ladies. The clothes were dreamy and the acting good, but the size of the late evening audience was disappointing.

When the season was over, however, the ratings had climbed into elite areas. The sponsor was happy and renewed. This year, the improved formula will be continued and expanded; diversity of plots; fast-moving and unsentimental — even controversial — themes, and more parts for Miss Allyson.

The series, however, is due for a shift in the CBS schedule. Last season it followed the healthy "Hennessey" on Monday nights. Starting Sept. 27 it moves to Thursday nights at 10:30, following "Person to Person," which doesn't have much of an audience rating.

June Not Worried
But June, who started Tuesday in next season's first show, isn't worried. I interviewed her almost a year ago, just before the debut

of the show, and she was nervous and a bit dubious about television then. Now she loves it.

"It's very hard work—I've lost about 14 pounds over the past year and I didn't want to—but I find television much more satisfying than motion pictures," the tiny blonde star said with real enthusiasm. "You can do so many different things. And you can get them done so much faster."

"The response of the public is interesting, too, and sort of wonderful. They get to know you better in television. Nowadays the truck drivers yell, 'Hey, June!' when they recognize you. In the movie days, it was 'Miss Allyson.'"

Normal Children

June, naturally, is working for Four Star Films, which her husband Dick Powell heads. Tuesday, because it was the beginning of a new season and an occasion, June took their two children, Pamela, 12, and Ricky, 9, to the studio. When she walked off the set for the noon luncheon break the two children were missing.

There was no occasion for alarm, however. June shrewdly deduced where they had gone: to a nearby set—to watch a cowboy and his horse.

KENNEDY EYES SHOE LEATHER VOTE CANVASS

PHILADELPHIA (AP) — The backers of Sen. John F. Kennedy (D-Mass.) have a new slogan for his presidential campaign—"Operation Shoe Leather."

Rep. Frank Thompson (D-N.J.), national registration chairman of the Kennedy Campaign Committee, says a Philadelphia plan for enrolling voters may be the pattern for "Operation Shoe Leather."

The Philadelphia plan was outlined Tuesday at a regional meeting of key Democratic leaders by Rep. William J. Green Jr., powerful city leader.

Raised Registration

Democrats claim the plan has resulted in raising their registration in Philadelphia from a 300,000 deficit in 1953 to a lead of more than 160,000 over the Republicans this year.

The plan calls for an intensive door-to-door canvass of Philadelphia by Democratic precinct workers in each of the 1,606 divisions of the city.

It was reported that the plan is so highly regarded that the Kennedy camp has asked Green to accompany it in its swing around the nation to detail how it can be applied in other areas.

Robert F. Kennedy, campaign

chairman for his brother, told leaders from Pennsylvania, New Jersey, Delaware, Maryland, West Virginia and the District of Columbia that the senator will be elected only if they can register voters.

Kennedy said his group would try to win the support of independents and Republicans.

He said the first step in this direction would be establishment of "Citizens for Kennedy Committees" in every state to enlist the aid of non-Democrats.

It was reported that Philadelphia Mayor Richardson Dilworth, who plans to campaign for Kennedy in Pennsylvania, was being considered for the chairmanship of the Pennsylvania Committee.

Pennsylvanians addressing the meeting included Gov. David L. Lawrence, Mrs. Emma Guffey Miller, Democratic national committeewoman, and Rep. Francis E. Walter of Easton.

Lawrence said that organization and work pays.

"The Kennedy organization moved in at the convention," he added. "They had votes and they won. I think this ought to be an example to us."

PHILADELPHIA (AP) — The federation of telephone workers will vote whether to strike the Bell Telephone Co. of Pennsylvania.

Officers of the union representing 12,000 Bell employees Monday authorized the vote.

I. C. Glendenning, vice president, said the vote will be held in a week.

J.S. Military Might Is Real Hot Campaign Issue

Editors: James Marlow is a location. Elton C. Fay, Associate Press military affairs writer, takes over for today.

By ELTON C. FAY

AP Military Affairs Writer

WASHINGTON (AP) — One of the hottest issues in this campaign won't be settled by the voting.

Is the United States militarily able to counter an attack by the Soviet Union?

The balloting will indicate only to a certain extent the amount of confidence in the claims or complaints of one party or the other.

War Only Proof

Nothing except a shooting war could prove either right.

The common goal of both parties is to deter a conflict in which neither the United States nor the Soviet Union could win but only apply a mutual and ghastly devastation. The hope is that if the United States has the ability to destroy the U.S.S.R., the Soviet logic should be against gambling on attack. There are unpredictable factors in this, including the degree of Soviet logic.

In general, the Democrats have been saying the Republican administration has been laggard in the race with Soviet military and related technological efforts, that the Reds are ahead. They say the Republicans have been stingy in providing defense funds.

Angers President

This moves President Eisenhower to indignation. In his speech to his party's convention the former general contended that the Democratic administration of former President Truman was laggard, that the succeeding administration had to start the military build-up practically from scratch. He contended that "in the sum of our capabilities we have become the strongest military power on earth."

Broadly, this will become the theme of the new Republican standard bearer, Vice President Richard M. Nixon. But the shaping of the Republican platform disclosed attempts to accelerate spending.

All four top men of the two tickets should be able to speak from the experience of service veterans.

All Veterans

Nixon, Sen. John F. Kennedy of Massachusetts, the Democratic presidential nominee, and his running mate, Sen. Lyndon B. Johnson of Texas, have had naval service. U.N. Ambassador Henry Cabot Lodge, Nixon's running mate, is a major general in the Army reserves.

RICE PLANS TOUGH DRIVE

HARRISBURG (AP) — Democratic State Chairman John S. Rice Tuesday said his party will conduct "the most energetic and comprehensive campaign in Pennsylvania history" this year in an effort to win control of the Legislature.

Rice, also secretary of the commonwealth, made the comment in a statement naming two legislative campaign committees for the Nov. 8 election drive.

Sen. Charles R. Weiner, Senate Democratic floor leader, will be chairman of the Senate group and Rep. Stephen McCann, House Democratic floor leader, will head the House campaign group.

Serving with Weiner will be Sens. Jo Hayes (Centre), Thomas J. Kalman (Fayette), William J. Lane (Washington), Fred B. Rooney (Northampton), George J. Sarraf (Allegheny) and Harry E. Seyler (York).

WHAT NUDISTS FIRST NOTICE ABOUT NUDISTS

LOS GATOS, Calif. (AP)—Ever wonder what a nudist notices first when he meets another nudist? "Teeth," says Lindsay Johnson, an Oakland appliance repairman. Johnson and other nudists were asked what they notice first at a camp here.

Johnson says, "I once worked in a dental clinic. Now I just automatically look at the teeth first and then notice the face for a distinctive characteristic."

"Their suntan," is the first thing Mrs. Dick Rogers notices. "I have a nice tan and I admire it in others," the Los Gatos housewife declares.

Bob Debernardi of Santa Clara says, "In a nudist camp, I unconsciously look at people's faces to see what kind of expression they're wearing, since that's about all they're wearing."

"The Smile"
 "The smile," says William Coats, a Redwood City nursery worker. "Here in camp, I notice the friendliness of a person because people here are very friendly."

"I've made it a habit to grasp the first names and features of a stranger's face," says Mrs. George Churchwell, a San Francisco accounting clerk. "Doing this, studying the face, I can grasp fragments of their personality."

Larry Smith, a paymaster from Los Angeles says: "Some people say nudists don't look at people from the neck down, but I do. And without lust, because people are beautiful all over."

The nudists were interviewed at a camp near Los Gatos by Allen Brown of the San Francisco Chronicle, who also took pictures—head shots.

FEW FAIL TO PASS PHYSICAL FOR LICENSES

HARRISBURG (AP)—The State Revenue Department said today only 36 of the 32,511 applicants for drivers' permits since June 1 failed to pass qualifying physical examinations.

Under Gov. Lawrence's highway safety program, every applicant for a learner's permit must undergo a physical examination.

Revenue Secretary Charles M. Dougherty said that of the 36 persons rejected for physical or neuropsychiatric defects, 15 were turned down for neurological, cardiac or circulatory conditions which would prevent reasonable control

stock so he could attend annual meetings and needle company directors. He later became president of the Concourse Building Ltd. of Toronto and director of several companies.

Bureau Releases 30-Day Outlook

WASHINGTON (AP) — The Weather Bureau said Tuesday its 85-Year-Old Passed

Of those rejected, six persons were between the ages of 61 and 85, three between 51 and 60, six between 41 and 50, five between 31 and 40, four between 21 and 30, seven between 17 and 20, and five were 16 years of age.

The oldest person to apply and pass since the physical examination program took effect was an 85-year-old man.

Of the total number of applicants, 31 per cent were found upon examination to need glasses for driving.

The first phase of the physical examination required under the program is performed by a state police officer. He checks for the loss of both hands and for 20-70 vision or less in the better eye with correction (glasses.) After that examination, the applicant must undergo a more thorough check-up by a physician.

30-day outlook for August calls for cooler and wetter weather than normal in the Great Lakes region, along the South Atlantic coast and in the Pacific Northwest.

The bureau added that warm dry weather is expected to prevail in the Great Plains and Rocky Mountain area.

In the remainder of the nation, near normal conditions are expected.

Mink farmers walk softly around their animals. Mink are so excitable that the slightest noise causes them to claw at each other, destroying valuable pelts.

Problems Result In Wife Shooting

HONESDALE, Pa. (AP)—Police say that domestic problems were the reason Homer Barton shot at his wife as she sat on a porch with two neighbors.

The neighbors were wounded seriously; the wife only slightly. Barton, 54, waived a hearing Monday night before a justice of the peace and was held without bail on charges of aggravated assault with firearms and assault with intent to kill.

According to police, Barton left his home with a pistol Saturday night, walked across the street to the home of David Goodman, and opened fire. Goodman, his wife, Lillian, 70, and Mrs. Helen Barton, 51, were hit.

The White House has 132 rooms.
